Mrs. Lemuel Borden returns to her home in Philadelphia.

Mrs. Lemuel Borden who was married on the 4th of Feb. immediately after meeting Mr. Borden for the first time, returned to her home in Philadelphia, on last Monday morning.

Mrs. Borden became dissatisfied with her new relations. Had the parties met several weeks before marriage and become well acquainted, they would have known whether they were suited to each other. Marriage is too sacred a relationship to be entered into by chance. It sometimes happens that parties, who were well acquainted for years, find out after marriage that they did not know each other.

The snow storm which followed last Tuesday the pleasant weather of a couple weeks warned us that we were not entirely out of the grasp of ice and winter. Here the snow was from three to four inches. MASSANUTTEN ACADEMY.

The Jefferson—Poe prize debate was held at the academy on the afternoon of February 22. The question for debate was Resolved, That Foreign Immigration should be restricted. Considerable interest and rivalry was shown by students and friends alike. The academy hall was decorated in school colors and the Stars and Stripes folded gracefully above the Stripes. The speakers showed exceptional ability in handling this difficult question. In fact better speeches by students have never been heard before at the academy. Messrs. Harry Shuttles, Lauck Walton and George Salley argued for the affirmative against Miss Nell Logan, Leonard Mathews and Miss Annie Wenger for the negative. After a very lively and spirited discussion, the judges awarded the first prize to Miss Logan, second prize to Mr. Mathews, and honorable mention to Mr. Shuttles for the splendid manner in which he acquitted himself. Time forbids giving the merits of each debater, but it can be said that they all surprised their audience beyond their greatest expectations. Prof. P. S. Barnes, Rev. J. F. W. Kitzmeyer and Mr. C. F. Shoemaker acted as judges of the debates.

The best and last lecture of the year will be given on the evening of March 6th in the Reformed church at 8 p. m. Dr. Charles C. Tokoma Park, Feb. 23, 1906

CAPT. JOHN GRAMILL.

Dear Friend:—Enclosed is one dollar, paym. 'one year for the HERALD. Its local news is like a weekly letter, and affords me much pleasure. I note the death of Wm. Albert last week. Well, my old comrades are fast passing over the river, and I am beginning to feel somewhat lonely, not many being left. Often my mind reverts to the civil war, and in dreams I am with my comrades again in bloody strife. The cause for which we battled—the God-given right of selfdefense—is as precious as ever to me.

With kind regards, and best wishes for the HERALD, I am

Very truly,

I. C. H.

MR. EDITOR:—

I am fond of grapes and endeavor to raise them, but last year my entire crop was destroyed by honey bees. I am very fond of honey but I am not disposed to keep bees in town to live off of my neighbors' fruits. If some one will kindly suggest a method by which I can poison the bees, I will certainly try it. I want to enjoy the fruit of my own garden, and will endeavor to protect it.

Letter to J. M. Bauserman.

Dear Sir: What's the penalty for making or selling short-measure paint in your state?

And does it make any difference, if three-fourths of the paints are short-measure?

Is seven pints a full-gallon or a fooling?

What's the penalty for making or selling whitewash paint?

Is whitewash paint, if mixed with a little paint and labeled "Pure mixed paint," or something like that?

But we don't intend to go into the business. We make Devco lead-and-zinc full-measure and true.

Yours truly,
